## Adultwork Forum Signature displaying "Could not find the requested profile"

If you have had your Adultwork Forum signature enhanced by an admin but the message "Could not find the requested profile" is displaying its due to privacy settings within your profile.

Login and go [here](#). Scroll down to "Other Settings" and look for:

Other Sites: Only show on AdultWork.com (make sure this is **unticked**)

and

External Advertising: Allow my Profile (make sure this one is **ticked**)

and save.

After a few moments your signature will now display correctly.

Thanks
